Message from the Academic Dean

DR. M. Ganeshamoorthy Ph.D

Imperial College of Business Studies (ICBS), a pioneer in higher education in Sri Lanka since 1985, offers internationally recognised undergraduate and postgraduate qualifications in partnership with the University of the West of Scotland (UWS), Queen Margaret University (QMU), York St John University (YSJ), and St Mary's University (SMU). ICBS also delivers globally respected professional qualifications, including CIMA, ACCA, and Qualifications Scotland (UK).

The bachelor's and master's programmes offered through these UK university partnerships combine industry-focused curricula, innovative teaching, rigorous assessments, and global recognition. Designed for aspiring professionals, they equip students with the knowledge, skills, and confidence to excel in today's competitive business world.

Courses are delivered through a hybrid model, both in-person and online with an emphasis on student-centered learning through discussions, debates, and critical reviews. Lecture recordings are also made available for added support.

Evaluation methods move away from traditional exams and include practical assessments like assignments, reviews, presentations, video essays, debates, and research theses.

Students benefit from an immersive and supportive learning environment that encourages academic growth and lifelong networking. The dedicated academic staff guide students every step of the way toward successful degree completion.

With thousands of successful graduates contributing locally and internationally, ICBS continues to shape future leaders. As Dean, I warmly welcome you to Imperial College of Business Studies and commend your decision to pursue a transformative academic journey with us.

Academic Affiliations
